DESIGN MOCKUP
HELP FILE

Replacing design inside Photoshop Smart Object.

1. Unpack downloaded **ZIP** file.

2. Open a **PSD** file with design mockup in Photoshop (minimum version CS5). Next double-click on *Smart Object layer* named *"PLACE YOUR DESIGN HERE".*

3. When new window will pop-up insert inside on a new layer your own design and delete layer named *"DELETE ME".* Next click save (*Ctrl+S* on PC or *Cmd+S* on Mac) and close the window (*Ctrl+W* on PC or *Cmd+W* on Mac).

4. You're ready!

Please note: For best results replace design in same pixel proportions indicated in the file.
